PROJECTS

Shiftless – Cafeteria Management System

- Developed a comprehensive web-based application to streamline cafeteria operations.
- **Technologies Used:** HTML, CSS, PHP, MySQL
- Enabled real-time menu updates, Table booking, Order Tracking and Inventory Management.

Hostel Management System

- The Hostel Management System Built with the MERN stack.
- It provides a user-friendly platform for students to apply for leaves and for administrators to efficiently process and track these requests, streamline hostel operations and enhancing the overall experience.

React Store

- Developed a dynamic and responsive e-commerce web application using React and Tailwind CSS.
- Integrated with the Fake store API to display a variety of random products.

Todo App with Local Storage

- Developed a real-time Todo app using React.
- Utilized local storage to persist tasks across sessions.
- Enabled seamless task management without a backend.

EDUCATION

Prime College of Diploma, Navsari

2019 - 2022

- Built a solid foundation in programming languages such as C, C++, and Java.
- Achieved a strong academic record, demonstrating consistent performance and technical acumen.

S N Patel Institute of Technology and research center, Umrakh

Expected Graduation 2025

- Acquired in-depth knowledge of core computer science subjects, including Data Structures, Algorithms, and Operating Systems
- Developed strong expertise in full-stack web development, proficient in technologies like React.js, Express.js, and Tailwind CSS.

SKILLS

Programming Skill: HTMLS, CSS, JavaScript, Python, C/C++, PHP, MySQL, MongoDB

Framework & Libraries: ReactJs, ExpressJs, NodeJS, Tailwind CSS, BootStrap

Languages: Gujarati, Hindi, English
